Data Engineering & Cloud: Snowflake, Azure Data Factory, AWS, MongoDB
Languages & Frameworks: MS-SQL, Python (Pandas, Flask, FastAPI, Streamlit), JavaScript, VBA
Tools & Platforms: Visual Studio, Visual Studio Code, Azure DevOps, Visio, BigCommerce, Inflow

WORK EXPERIENCE

Stonebridge Consulting | *Senior Business Intelligence Consultant* **Mar 2022 - Present**

- **Product Management (Orbit):** Serve as Product Manager for "Orbit," a no-code data movement tool. Lead the full product lifecycle, including feature design, resourcing, documentation and testing to drive operational efficiency.
- **BI Strategy & Leadership:** Lead project management for BI initiatives, overseeing the development of MDM systems, Tabular Models, and executive and Operational Dashboards.
- **Cloud Data Solutions:** Delivered a scalable Public Data Proof of Concept (PoC) using Azure Data Factory, Snowflake, and Power BI.
- **Operations Optimization:** Managed e-commerce logistics for oilfield operations, successfully reducing cycle times and eliminating manual tracking workflows.

Stonebridge Consulting | *Business Intelligence Consultant* **Sep 2017 – Mar 2022**

- **MDM Subject Matter Expert:** Acted as primary lead for Enerhub (MDM/Data Quality tool), writing complex SQL stored procedures and optimizing SSAS solutions.
- **Strategic Road mapping:** Conducted Data Management Assessments to identify process gaps and developed strategic implementation roadmaps for enterprise clients.
- **Knowledge Leadership:** Authored comprehensive technical training guides for Enerhub, accelerating user adoption and internal knowledge transfer.

American Fidelity Assurance Co. | *Test Automation Intern* **Jan 2017 - May 2017**

- **Performance Engineering:** Optimized automated testing frameworks, achieving a 50x (5,000%) improvement in testing speed through script modification.

University of Oklahoma | *Graduate Research Assistant* **Aug 2015 - Dec 2016**

- **Academic Support:** Supported instructor for **Introduction to Database** and **Visual Analytics** coursework.
- **Social Impact Research:** Investigated gamification strategies to improve engagement for children with autism.

Accenture | *Business Analyst* **Aug 2013 - July 2015**

- **Cost Optimization:** Developed three IT cost-reduction business cases, resulting in the successful implementation of high-priority savings initiatives.
- **Financial Modelling:** Engineered a VBA-based profitability prediction tool for Network Transformation engagements.
- **Data Migration:** Conceptualized migration and archival strategies for global clients moving from Lotus Notes environments.

EDUCATION

- **M.S. in Management Information Technology**, University of Oklahoma, Price College of Business, 2017
- **Bachelor of Technology (B. Tech.) in Electronics and Communication Engineering**, IIIT - Allahabad, India, 2013

CERTIFICATIONS / EXTRACURRICULARS

- **AWS Certified Cloud Practitioner, 2022**
- **SAS Certified Predictive Modeler** using SAS Enterprise Miner 13, **2017**
